Re: Intelli LLC (Intelli)
KKOV(AM), Vancouver, WA
Facility Identification Number: 69812
Special Temporary Authority (STA)
BESTA-20190606ABJ

Dear Mr. Do:

This is in reference to the request filed on June 6, 2019. Intelli requests an extension of the STA granted on December 3, 2018, to continue operating with reduced power to allow time to install new capacitors in the 50 kW transmitter.¹ In support of the request, Intelli states that it estimates it should be able to resume licensed operations within the next 30 days.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and Intelli may continue to operate day and night with a reduced power of 8 kW. Intelli must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310. Intelli must submit an

¹KKOV(AM) is licensed for operation on 1550 kHz with 50 kW day (ND) and 12 kW night (DA).

e-mail to my attention to note the date the station resumed licensed operations per BZ-20090930ATN with negligible changes to all operating parameters.

This authority expires on **December 19, 2019.**
